**Municipal Precincts**

Municipal precinct numbers begin with their City Commission District number if there are single member districts. All other municipal precincts begin with 9 to designate that no single member city districts exist in that municipality.

The second number of the municipal precinct number is for separating multiple precincts within a Commission district or municipality.

The last two numbers of the municipal precinct number is the Municipality Code (expressed as a number; A=1, B=2, etc.) as assigned by the Board of County Commissioners. There is no precinct number with 09 as no municipality has the code "I".

Maps of each municipal precinct are available online at [www.ocfelections.com](http://www.ocfelections.com). If you need further information, contact the City Clerk for each municipality or the Supervisor of Elections Mapping Department at 407-254-6554.

### County Precincts

County precinct numbers begin with their Orange County Commission District number.

### County Sub-Precincts

Within some county precincts there are areas that are identified as sub-precincts by a letter after the precinct number. This indicates that this portion of the precinct is in a different Federal, State, School Board or Special district combination than the rest of the precinct.

Sub-precincts with the suffix W, X, Y or Z contain commercial or vacant land, road right-of-way, or other non-populated areas.
